CHICAGO, Sept. 11.-The wheat market CHICAGO, Sept II.—The wheat market opened firm and as trading advanced additional strength developed. At the last December was unchanged to 4sc higher at 82½ to 82½c. Pit traders and commission houses were fairly active bidders. The demand was due largely to a report made by a statistical committee apointed by the Russian Government. The committee was instructed to estimate the total yield of Russian cereals. The report of the committee showed a shortage of 12,800,000 bushels in winter wheat, as compared with last year's total. In spring wheat the deficiency was estimated at 123,250,000 bushels.

123.26,000 bushels.

The effect of these figures was to completely offset the depressing influence of lower quotations at Liverpool and neutralize the market effect of clear weather in the Northwest. As the upward trend gained headway an influential bull became quite active on the buying side. In consequence sellers became more wary. The result was a steady advance in prices.

The result was a steady advance in prices.

The Government crop report was about as had been generally expected. The market closed strong with prices at the highest point of the day. Final quotations on December were licent up at \$35c.

The corn market was a trifle easier early. The close was firm, with December 4.0% cup at 455.00324c.

Outs were steady. December closed unchanged at \$74.00324c.

Trading in provisions was of extremely small value. January pork was off 25c, lard was down 5c and ribs were 100124c lower.

ONCE AGAIN THE PINEAPPLE COMES

They Look Enticing, but Have a Price That Is Not.

ORANGES ARE LARGER, AND ALSO DEARER

Watermelons, Sweet Potatoes and Green Apples All Drop in Price.

The first pineapples were here resterday, cooking enticing and having a price not exactly enticing, that of 50 cents apiece. They are exceptionally fine, however, and, being the list, the price is not exorbitant. Oranges are hose of last week. They do not look as ripe and golden as they might. The price has advanced with the size, selling at from 6 to 75 cents a dezem.

A number of wholesale prices are changed.

vanced with the size, selling at from 65 to 75 cents a dezen.

A number of wholesale prices are changed. One change that may be expected is that veal will be dearer. Dealers say that it is much more difficult to obtain than fornerly. Dressed veal is now \$1\circ ears a pound.

Among the cheaper fruits are green apples, and they are just half what they were last week. They were then wholesaling at \$2 a crate. Now they can be obtained at \$1 a crate. Watermeions have taken a drop of \$1 per dozen, selling at \$2 per dozen. Nectarines are a trifle cheaper, grocers being willing to part with them at 5 cents for the pound. Sweet potatoes will soon be cheaper for the housewife. The expectation is based upon the fact that they are now sold at wholesale for from \$4\circ ears to 4 cents a pound. The lowest they have been so far is 4\circ to 5 cents a pound. In fish, everything fresh that is in season can be had for the money, the only scarcity being striped base, which is not coming in the quantities which are expected by dealers. It is thought that today's supply will satisfy all demands.

ELECTRIC BELT FREE!

UNTIL YOU CAN SAY, "I'M CURED"

I believe in a fair deal. If you have a good thing and know it yourself, give others a chance to enjoy it in a way they can afford. I've got a good thing. I'm proving that every day. I want livery weak, puny man, every man with a pain or an ache, to get the benefit of my invention. Some men have dectored a good deal—some have used other ways of applying electricity—without getting cursed, and they are chary about payong man, this belt is yours without a cent of poou until you are that kind of a man, this belt is yours without a cent of poou until you are ready to say to me, "Dector, you have earned your price, and here it ta:"

That's trusting you a good deal and it is showing a good deal of confidence in my belt. But I know that most men are honest, especially when they they been cured of a serious allment, and very few will impose on me. As to what my belt will do, I know that it will cure wherever there is a good hance, and there is a good chance in nine cases dut of ten So you can afford to let me try sayway, and I'll take the chances. If you are not sick, den't triffs with ma; but if you are, you owe it to yourself and to me, when I make an offer like this, to give me a fair trial.

DR McLAUGHLIN.

Dear Doctor—Yours of August ith is at hand. The Belt arrived yeaterday. The appearance of the Belt is a delight to the eyes, but the effect upon my system after wearing it yeaterday for only a few hours, was far more delightful. I would not have thought such a change possible had I not worn the Belt upon my own body. I am wearing the Belt according to your directions, and know that I have at leart found a remedy that will coure me. Very sincerely.

If you would believe the thousands of men whom I have already treated, my belt in If you would believe the thousands of men whom I have already treated, my belt is
